INDEPENDENT AUDITORS' REPORT

Township Board
Township of Leighton, Michigan

We have audited the accompanying financial statements of the governmental activities, the discretely-presented component unit, each major fund, and the aggregate remaining fund information of the Township of Leighton, Michigan, as of March 31, 2006, and for the year then ended, which collectively comprise the Township of Leighton, Michigan's financial statements, as listed in the contents. These financial statements are the responsibility of the Township of Leighton, Michigan's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely-presented component unit, each major fund, and the aggregate remaining fund information of the Township of Leighton, Michigan, as of March 31, 2006, and the respective changes in financial position thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

The budgetary comparison information on pages 20 - 24, is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The Township of Leighton, Michigan, has not presented the management's discussion and analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be a part of, the financial statements.

Siegfried Crandall P.C.

Amounts reported for *governmental activities* in the statement of net assets (page 4) are different because:

Capital assets used in *governmental activities* are not financial resources and, therefore, are not reported in the funds.

Prepaid expenses are not a current financial resource and, therefore, are not reported in the funds.

Special assessments receivable are not available to pay for the current period's expenditures and, therefore, are deferred in the funds.

Long-term liabilities, including contracts payable, are not due and payable in the current period and, therefore, are not reported in the funds.

Township of Leighton
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the Township of Leighton, Michigan (the Township), conform to U.S. generally accepted accounting principles (hereinafter referred to as generally accepted accounting principles) as applicable to governmental units. The following is a summary of the significant accounting policies.

a) Reporting entity:

The accompanying financial statements present the government and its component unit, an entity for which the government is considered to be financially accountable. The discretely-presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the Township.

Discretely-presented component unit:

Leighton Township Green Lake Sewer Commission

The Leighton Township Green Lake Sewer Commission (the Commission) meets the criteria of a component unit and has been included in the Township's government-wide financial statements as a discretely-presented component unit. The Commission is reported in a separate column to emphasize it is legally separate from the Township. The Commission has a March 31 year end. The Commission's administrative office is located at 800 142nd Avenue, Wayland, Michigan 49348.

b) Government-wide and fund financial statements:

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the Township. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues. The primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental and fiduciary funds, even though the latter are excluded from government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

c) Measurement focus, basis of accounting, and financial statement presentation:

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Township of Leighton
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

c) Measurement focus, basis of accounting, and financial statement presentation (continued):

Governmental fund financial statements are reported using the current financial resources, measurement focus, and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Township considers revenues to be available if they are expected to be collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, expenditures relating to compensated absences, and claims and judgments are recorded only when payment is due.

State grants, licenses and permits, charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Township.

The Township reports the following major governmental funds:

The General Fund is the Township's primary operating fund. It accounts for all financial resources of the Township, except those required to be accounted for in another fund. Revenues are primarily derived from property taxes and state shared revenue.

The Road Fund accounts for the financial resources used for the maintenance of the Townships roads and right of ways. Revenues are primarily derived from property taxes and state grants.

The Public Safety Fund accounts for the financial resources used for the operational costs of the Township's fire and police protection. Revenues are primarily derived from property taxes.

The Library Fund accounts for the Township's operational costs of the Library. Revenues are primarily derived from property taxes.

The Sewer Fund accounts for the financial resources used for the payment of long-term debt. Revenues are primarily derived from special assessments.

The Township reports a single fiduciary fund, the Agency Fund, which accounts for assets held by the Township in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide financial statements to the extent that those standards do not conflict with the standards of the Governmental Accounting Standards Board. The Township has elected not to follow subsequent private-sector standards.

Township of Leighton
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

c) Measurement focus, basis of accounting, and financial statement presentation (continued):

Amounts reported as program revenues include: (1) charges to customers or applicants for goods, services, or privileges provided; (2) operating grants and contributions; and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

d) Assets, liabilities, and net assets or equity:

i) Bank deposits - Cash consists of cash on hand, demand deposits, and highly liquid short-term investments with original maturities of three months or less from the date of acquisition.

ii) Receivables - Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as "due to/from other funds." No allowance for uncollectible accounts has been recorded as the Township considers all receivables to be fully collectible.

iii) Prepaid items - Certain payments to vendors reflect costs applicable to future fiscal years and are recorded as prepaid items in both government-wide and fund financial statements.

iv) Capital assets - Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., sewer and water systems, roads, bridges, sidewalks, and similar items), are reported in the government-wide financial statements. Capital assets are defined by the Township as assets with an initial, individual cost of more than \$1,000 (\$10,000 for infrastructure) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Governments can elect to account for infrastructure assets of government activities either retroactively to June 15, 1980, or prospectively. The Township has elected to account for its infrastructure assets prospectively, beginning April 1, 2004.

Capital assets are depreciated using the straight-line method over the following useful lives:

Buildings and improvements	20 - 40 years
Equipment	5 - 10 years
Vehicles	10 - 20 years
Infrastructure	40 years

v) Deferred revenue - In the fund financial statements, governmental funds report deferred revenue in connection with resources for revenue that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received but not yet earned.

Township of Leighton
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

vi) *Fund equity* - In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

vii) *Property tax revenue recognition* - Property taxes are levied as of December 1 on property values assessed as of December 31 of the prior year. The billings are due on or before February 14, after which time the bill becomes delinquent and penalties and interest may be assessed by the Township. Property tax revenue is recognized in the year for which taxes have been levied and become available. The Township levy date is July 1, and, accordingly, the total levy is recognized as revenue in the current year.

NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY:

Budgetary information - Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. The budget document presents information by fund, function, and department. The legal level of budgetary control adopted by the governing body is the function level. All annual appropriations lapse at the end of the fiscal year.

The following schedule sets forth significant budget variations:

<u>Fund</u>	<u>Function</u>	<u>Budget</u>	<u>Actual</u>	<u>Variance</u>
General	Public works	\$123,600	\$125,790	\$ (2,190)
	Community and economic development	38,500	52,035	(13,535)
Public safety	Capital outlay	-	135,802	(135,802)

NOTE 3 - CASH:

Cash as presented in the accompanying financial statements, consists of the following:

	<u>Govern- mental activities</u>	<u>Fiduciary</u>	<u>Total primary government</u>	<u>Total component unit</u>	<u>Totals</u>
Deposits	\$ 1,220,673	\$ 45,539	\$ 1,266,212	\$ 563,142	\$ 1,829,354

Township of Leighton
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 3 - CASH (Continued):

Deposits with financial institutions:

State statutes and the Township's investment policy authorize the Township to make deposits in the accounts of federally-insured banks, credit unions, and savings and loan associations. The Township's deposits are in accordance with statutory authority.

Custodial credit risk is the risk that, in the event of the failure of a financial institution, the Township will not be able to recover its deposits. Deposits are exposed to custodial credit risk if they are not covered by federal depository insurance and are uncollateralized. At March 31, 2006, a portion of the Township's bank balances were exposed to custodial credit risk because they were uninsured and uncollateralized as follows:

	<u>Bank balances</u>	<u>Uninsured</u>
Primary government	\$ 1,300,789	\$ 740,789
Component unit	\$ 564,068	\$ 238,540

The Township believes that it is impractical to insure all bank deposits due to the amounts of the deposits and the limits of FDIC insurance. As a result, the Township evaluates each financial institution with which it deposits funds and assesses the risk level of each institution. Only the institutions with an acceptable estimated risk level are used as depositories.

NOTE 4 - RECEIVABLES:

At March 31, 2006, the Township's receivables were as follows:

	<u>Accounts</u>	<u>Interest</u>	<u>Property taxes</u>	<u>Special Assess- ments</u>	<u>Inter- govern- mental</u>	<u>Totals</u>
Governmental activities:

NOTE 10 - DEFINED CONTRIBUTION PENSION PLAN:

The Township provides pension benefits for all of its employees except volunteer firemen and seasonal employees through a defined contribution plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan, plus investment earnings. Michigan state statute assigns the authority to establish and amend benefit provisions to the Township Board of Trustees. Employees are eligible to participate from the date of employment. The Township is required to contribute 10% - 25% of each qualified employee's base salary to the plan. The Township's contributions are fully vested immediately. The Township and employees made required contributions of \$6,738 and \$2,246, respectively.

The Township is not a trustee of the plan, nor is the Township responsible for investment management of plan assets.

NOTE 11 - CONSTRUCTION CODE ACT:

A summary of construction code enforcement transactions for the year ended March 31, 2006, is as follows:

Revenues	\$ 83,550
Expenses	<u>74,179</u>
Excess of revenues over expenses	<u>\$ 9,371</u>
Cumulative excess, included in fund balance reservation of General Fund	<u>\$ 27,703</u>

NOTE 12 - JOINT VENTURES:

The Township, together with the Township of Dorr, established a joint wastewater treatment authority under the provisions of Public Act 233 of 1955, in order to acquire and operate water and sewage treatment systems to benefit both townships. The Township is contingently liable for \$1,849,934 of the authority's outstanding bonds payable, a portion of which is to be repaid from collections of special assessments levied against properties within the Township. Contracts payable equal to the outstanding assessment balances are included in the Township's general long-term debt account group.

NOTE 13 - RISK MANAGEMENT:

The Township is exposed to various risks of loss related to property loss, torts, errors and omissions, and employee injuries (workers' compensation). The Township has purchased commercial insurance for each of these claims and is neither self-insured nor participates in a shared-risk pool. Settled claims relating to commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

NOTE 14 - PRIOR PERIOD ADJUSTMENT:

The component unit's statement of net assets and the related statement of activities as of and for the year ended March 31, 2005 have been restated to correct a \$17,500 overstatement of hook-up fee revenue and related accounts receivable in that year. Accordingly, net assets at the beginning of the current year were adjusted as follows:

Net assets - beginning , as previously reported	\$ 2,797,185
Prior period adjustment	<u>(17,500)</u>
Net assets - beginning, as restated	<u>\$ 2,779,685</u>
